SPECIAL NOTICES.

A TTENTION!-DISEASES OF MEN.

It appears to be a well known fact that the Prussian physicians are experts in the profession, for the good reason that the student has to work very hard (in the books) to be prepared for the final examination. After the attident has shullined the title of Doctoris Medicina then the young doctor is obliged to maction for three years in a military hospital; that gives him the practical knowledge in treating diseases with perfect success, in fact, the Prussian doctor taxes a great Interest and pleasure to restore his patient to perfect the action. All the universities in Prussia are supported the government of a forman physician, and he deserves the counflicated the great line of the profession of the profession of the profession of the formal physician, and he deserves the counflication of the profession of the great line of the profession of the great line of the profession of the formal physician and the deservest the government of a diploma cannot be produced except with intellect.
